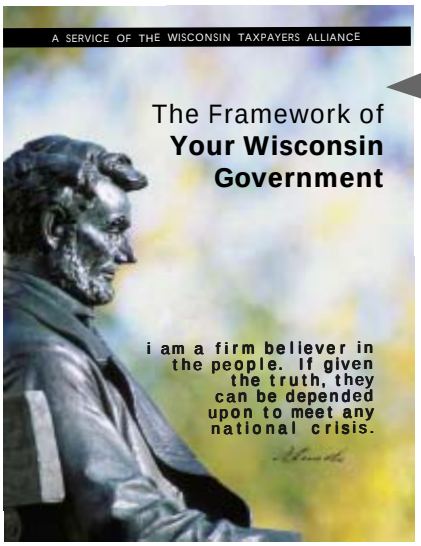
This week!

The state's only school text on Wisconsin government.

Order now . . . for fall!



New!

The Framework of Your Wisconsin Government, 17th Edition

- Wisconsin's only school text on state-local government.
- New content: administrative rules, public records and open meeting laws, due process, juries, special purpose districts, and much more!
- New insert: basic economics.
- New sections on Native Americans and tribal government.
- Updated figures, tables, statistics, and web resources.
- An indispensable tool for civics education; designed to meet *Wisconsin Model Academic Standards*.

The new ***Framework*** explains how Wisconsin government works and details the historical path that formed the institution we have today. It challenges students to participate in government at the local or state level, and it answers questions like: How much money do legislators make? How do I run for office? Which special interest group spends the most? What do Wisconsin schools spend per student each year? Can I just have the cash?

Free school lecture service: Since 1955, the Wisconsin Taxpayers Alliance has been one of the few independent, nonpartisan, government-research groups in the nation with an extensive citizen education program. Our presentations cover many topics—the political process, state budget, taxes, spending, and the importance of individual participation in our system of government. *Call or e-mail us to schedule a speaker.*
